List of suppliers offering minigolf courses

Following companies are sponsors of the WMF and have informed our organisation that they are able to produce and install minigolf courses.

The responsibility of final course approval for tournaments is in the hand of the national association, where the minigolf course is built. If no affiliated minigolfsport organisation exists in any particular country, the final course approval for tournaments is offered by the WMF upon request.

Legend:

A = supplier already has built different courses, which have been approved by WMF

N = supplier has not built yet any courses approved by WMF
